SECURITY INTRUDER ALARM SYSTEMS

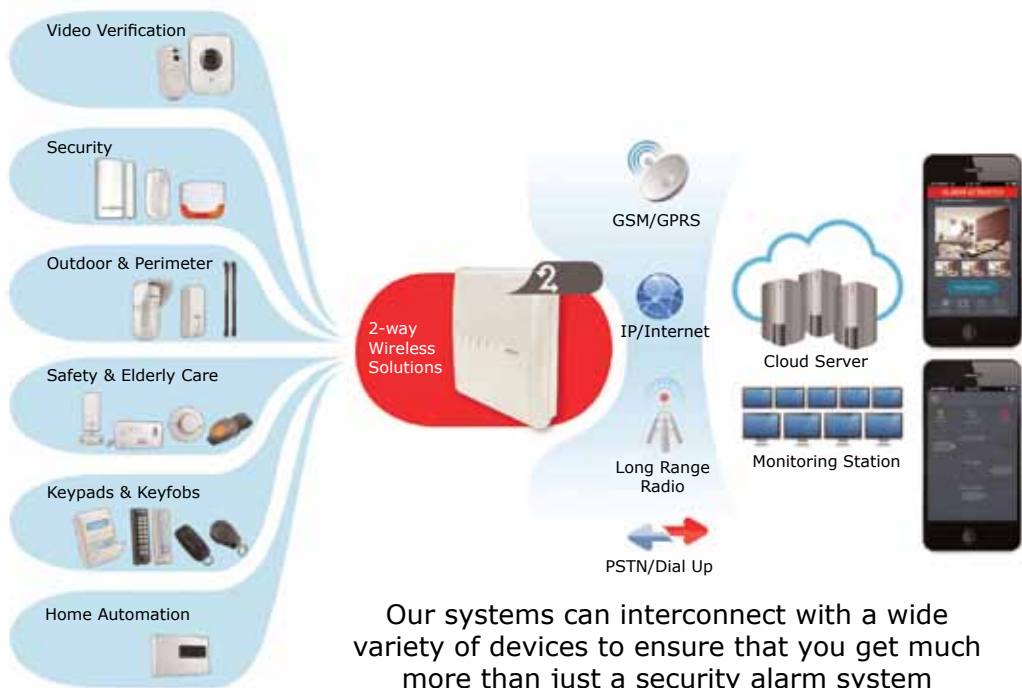

Use our **SMART Phone Apps** to monitor your home, giving you full control remotely, whether at work or on holiday.

NO WIRES & DISRUPTION

Our wireless systems remove the need for cabling throughout your property and give you the added benefits of remote wireless ancillary devices including smoke detectors and panic fobs.

MUCH MORE THAN JUST A SECURITY ALARM SYSTEM

* Optional upgrades

Peace of Mind Through Integrated Design

MONITORING OF YOUR PREMISES

Peace of Mind Through Integrated Design

Upon activating, your system will activate the external **SMART** sounder and strobe, and if connected, either email and text you through the **SMART App**, or notify our monitoring centre.

Your system may remain locally audible upon a break-in, or gain a mobile response.

RESIDENTIAL CCTV SYSTEMS

Benefits

- ▶ Proven deterrent to potential thieves
- ▶ Internet accessible
- ▶ Monitor your home when you're out
- ▶ Collect evidence of criminal activity
