INTRUDER DETECTION SYSTEMS SO MUCH MORE THAN JUST AN ALARM

Giving added benefits across your business

Use our **SMART phone Apps** to monitor your premises, giving you full control remotely, whether at home, travelling or on holiday.

YOU CAN MONITOR:

- ▶ Lock / unlock times
- ▶ Staff
- ▶ Deliveries
- ▶ Control heating and lighting
- ▶ Production and factories

24 Hour Central Station Alarm Monitoring

CCTV SYSTEMS PROVIDING MUCH MORE THAN JUST SECURITY

Services

- ▶ Check your production and your stock
- ▶ Collect evidence of criminal activity
- ▶ Proven deterrent to potential thieves
- ▶ Internet accessible
- ▶ Monitor your facilities, customers and activities remotely
- ▶ Reduce fear of crime
- ▶ Monitoring of health and safety/work place activities
- ▶ Use our video analytics to create specific event responses, examples include security, crowd control, vehicular movements, people counting and production integration
- ▶ Focus on the working environment for Health & Safety risk, corporate responsibility

Enhance productivity by monitoring your production line or operations by utilising your system to react and create alarms through our clever video analytics.

Peace of Mind Through Integrated Design

MONITORING OF YOUR PREMISES

Peace of Mind Through Integrated Design

Upon activating, your system will activate the external **SMART** sounder and strobe, and if connected, either email and text you through the **SMART App**, or notify our monitoring centre.

Your system may remain locally audible upon a break-in, or gain a mobile response.

ACCESS CONTROL & TIME ATTENDANCE

***So Much More than Just
Door Entry and Card Access***

**We deliver a host of benefits
to your business in addition
to the traditional security
only approach**

- ▶ **Automated access control**
- ▶ **Time & attendance**
- ▶ **Intercom**
- ▶ **Full event reporting**
